- Testosterone replacements: Testim, Androgel, Fortesta, Axiron, Cypionate, Enanthate

2. I understand that THERE WILL BE NO REPLACEMENT PRESCRIPTIONS GIVEN WITHOUT A POLICE REPORT.

3. I understand that I may be drug tested at every appointment and any inconsistent findings could result in dismissal as a patient from this clinic.

4. I understand that obtaining controlled medication from any other provider, with the exception of a referring provider, could result in dismissal from this clinic.

5. I understand that dismissal from a pain management clinic could result in dismissal from this clinic and/or the cessation of controlled prescription medication. No further referrals for pain management will be made.

We do NOT prescribe any stimulant medications\* for adults or children diagnosed with ADD/ADHD. We will recommend that you return to the psychiatrist that originally made that diagnosis. If that is not possible, we will gladly provide you with recommendations for local psychiatrists to assist with this. Non-controlled medications (such as Strattera) MAY be managed at this office.

## OFFICE / FINANCIAL POLICIES

We are committed to providing you the highest quality and affordable healthcare. Thank you for choosing us as your Primary Care Medical Team. Please review our financial policy and submit this signed copy to our office (a copy will be provided upon request).

- Insurance-** we accept most insurance plans but please ask as our list of carriers changes frequently. If we do not accept your insurance, payment is due in full at each visit. We must obtain a copy of your driver's license and current/valid insurance card. This information must remain current in our system. The details of your benefits are between you, your employer, and your insurance company. Please contact your insurance company with any questions regarding covered or non-covered procedures, tests, labs, medications, or any other medically necessary recommendations.
- Co-payments and deductibles-** All co-payments and deductibles must be paid at the time of service. This arrangement is part of your contract with your insurance company and failure on our part to collect these fees, could result in insurance fraud.
- Non-Covered services-** Please be aware that some, and perhaps all, services you receive may NOT be covered or considered necessary by your insurance company. These services are due in full at the time of the appointment.
- Claims Submission-** We will submit claims to your insurance company on your behalf. Your insurance company may need information from you before they will pay a claim. It is your responsibility to timely respond to their requests so that the visit and charges incurred will get paid. The balance remaining after insurance processing is patient responsibility.
- Coverage Changes-** If your insurance changes please notify us immediately so that we may update your information. Many insurance companies have timely filing requirements and failure on your part to provide accurate information jeopardizes your claim being paid. If your insurance company does not pay your claim in 45 days, the balance owed is your responsibility.
- Non-payment-** If your account is 90 days past due, you will receive a letter stating that you have 20 days to pay your account in full. Partial payments will not be accepted unless otherwise negotiated. Please be aware that if your balance remains unpaid, we may send your account to a collection agency and you and/or your family members may be discharged from this practice. In the unfortunate events that this occurs, you will be notified by regular and certified mail that you have 30 days to find alternative care. During that 30-day period, our Provider will only be able to treat you on an emergency visit.
- Appointment Scheduling-**All documents that need to be completed by our Provider require an appointment. All forms completed will incur a minimum charge of \$25 with the possibility of an increase in charge due to the extent. Prescheduled appointments such as laboratory results review, medication refills, and routine follow-ups are highly recommended to avoid treatment delays. Work-in appointments are considered on an as needed basis for ill patients. Those with scheduled appointments will be seen ahead of work-ins. However, medical care can be unpredictable and patient needs are not neglected, therefore, unseen delays may occur.
- Medication Refills-** All medication refills require a follow-up visit within one to three months with accompanying lab work. This includes routine prescriptions for chronic medications. All medications have the potential to affect your liver, kidneys, and other body systems. Routine follow-up with lab work allows your Provider to monitor your progress. Please bring all bottles prescribed by all of your physicians to your appointments. This decreases the chance of duplicate refills and drug interactions. Controlled medications will only be refilled monthly with an appointment. We will not honor phone call requests for medication refills. All controlled medication requires an in office urine drug screen and pill count to be performed during the refill visit.
- Medical Records-** All of our patient medical records are kept confidential. By law, we are required to keep the original medical record in our possession for seven years. Copies may be furnished to you when you request them in writing. Our policy requires one-week advance notice for the preparation of copies. Charges are in accordance with state law Chapter 64B8-10.003 which states the following: Reasonable costs may not be more than \$1 per page for the first twenty five pages and \$0.25 for every page thereafter. Copies are provided for free to the physician of your choice upon transfer from the practice and also to specialist for continuity of care.
- Laboratory Procedure-** All laboratory procedures performed outside the facility will be billed separately by the laboratory to whom they are sent. Charges not paid by your insurance company are your responsibility.
- Missed Appointment/No Show Policy-**An attempt will be made to call you and remind you of your appointment 24-48 hours in advance. Please keep us informed if there has been a change in your contact information. Appointments not cancelled 24 hours in advance will be considered a "No Show" appointment. If a patient accumulates two (2) "No Shows", the patient will only be allowed to make SAME DAY appointments and can also result in dismissal.
- Consent for Medical Treatment** - I am the patient or the patient's duly authorized representative. I do hereby voluntarily consent to and authorize care encompassing all diagnostic and therapeutic treatment regimens deemed necessary by my Provider, for myself, or the patient for whom I am responsible. I am aware that the practice of medicine is not an exact science and I do acknowledge that there have been no guarantees made to me as a result of treatment or performed examinations. I have read this form completely, have had the opportunity to ask questions, and have been fully informed as to the contents of this agreement. I hereby authorize the release of medical information necessary to file a claim with my insurance company and assign benefits otherwise payable to me, to Vibrant Health Family Clinic.
